1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/13/09 has been entered.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 4 to 13, 28 to 43 and 54 to 69 are rejected under 35 U.S.C. 103(a) as being unpatentable over Cai et al.

The teachings of Cai et al., and how they apply to the instant claims, has been noted in previous office actions. As such this will not be repeated.

Consistent with that noted previously, applicants' remarks regarding the fact that the composition of Cai et al. is clear does not overcome this rejection. Applicants refer to the obviousness of coloring the deodorant composition of Cai et al. This is not the basis for the obviousness rejection. The obviousness rejection is based on the obviousness of using the composition therein to form sticks other than deodorants, such as sun screen compositions or other "stick" type cosmetics, such as lipstick. Applicants' arguments are all directed to deodorant compositions and this does nothing to overcome the obviousness rejection at hand.

For claims 33 to 36, note that the teaching on column 18, line 7, meet this.

Since the obviousness of adding a pigment to the composition in Cai et al. is the only traversal offered by applicants, this rejection is maintained.

4. Claims 44 to 49 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday and Wednesday to Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on 571-272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
